

Spring Rain

Words & Music By Jon Haarstad & Chris Culver

Verse 1

Like a spring rain on a hot day
You pour over me, You calm my fears

To my God and King
I sing the song that echoes in me (now a part of me)

Like a sunrise shapes the morning
You shine on me, Lord shine on me

To my God and King
I sing the song that echoes in me (now a part of me)

Chorus

And I just want to praise Your name
Hallelujah You never change
You rescued me now I will sing Your praise
Everyday

Bridge

Send down Your love Lord flood my every being
Pour on me like rain
I want to see in You what I'm becoming
Take control and lead me on.
